Thank you to the committee: Eumir B., Vinney F., Mike R., Eileen D., Bob & Mary Kay R. who guided us through this time without any reports of community spread. We also received support from Dr. Joe Iser. There have been many others who have supported the efforts including Tim H, Ted M, Chris D. the callers. and all the members who willingly complied with the protocols and came out and danced. It took a village.

## Volunteer of the Year Award - Norma B.

The volunteer of the year was obvious to me. He had volunteered to be on the board, he volunteered to chair the Return to Dancing. He volunteered to co-chair the fly-in, to organize the Philly's ball game event and has agreed to run for the board as Publicity Chair. Thank you Ron R.

I especially want to thank Norma B. who stepped up when we really needed her. She did an excellent job. Thank you Norma B.

Will H., Ted M. and Bob R., you were there when we needed you. I have so much affection for you guys. I hope to continue to work with you guys. Will, I hope you will continue on the recruitment committee. Ted M, you know so much about computers I hope you can continue to help us out there. Bob R., responded to our call and he has reached out to the Plus and Mainstream members; I hope you continue to come out and support us.

I am not announcing any big goals. I think you know what my strengths and weaknesses are. You can help me strengthen my weaknesses. Send me an individual email and I will respond within 24 hours. I will take your comments very seriously.

I will be away in January and February. We have just elected an incredible board and they will be able to help out on Tuesday nights. Tuesdays will continue smoothly.

Thanks for coming. I was glad to see everyone. I hope to see you all back to dancing soon.

## Suggestion - Jed S., Cindy K. and Leda S.

The club has a large amount of money. We can afford to invest some of that money in activities that the club can appreciate and build membership and make things as much fun as possible for the year.

-Nice dance space may be one good use of some of that money.

-Dance over the summer.
